

Good Afternoon Family and Friends of Hudsonview,

3 additional residents and 2 staff members have tested positive for covid. These patients are mostly short term and have been seeing visitors as well as out on appointments...

If you must visit please make sure you are wearing all appropriate PPE.

Infection Control procedures are being followed and education reinforcement and in servicing are occurring.

Our next Family Council meeting will take place Sunday July 31 at 11 am. I do plan on attending. If you would like to call in please use our conference line 701-802-5082 access code 589310. Refreshments will be served and I am looking forward to hearing all valuable input.

On a different note, please excuse our appearance as we work on making Hudsonview more appealing and upscale to better serve our residents!

Thank you,

Pinny Leiner , LNHA
